## WORK EXPERIENCE

- Plezzel **Developer** 2018 - Present  
Worked as a developer as part of a small team on a Real Estate and Digital Marketing System. As part of this job, i have both lead projects, taught other employees, designed systems, and refactored old code. Technologies included, PHP, Laravel, GraphQL, Python, Github, Cpanel, HTML/CSS, Javascript, Amazon (Cloudwatch)
- Cognizant **Intern** 2017  
Undertook an internship with Cognizant as an intern in their Analysis Information Management department. This involved writing both the front and back-end of a web system written in PHP, MySQL, HTML/CSS.

## EDUCATION

- RMIT **Bachelour of Computer Science** 2014-2017  
Completed a Bachelor of Computer Science at RMIT Melbourne. The course covered languages such as java, C, C++, MYSQL, python, L<sup>A</sup>T<sub>E</sub>X and web-based languages such as PHP, HTML/CSS and JavaScript. The course also delved into computational mathematics, the analysis of algorithms and data structures and all 3 major Operating systems. It also covered UML, common design methodologies such as agile and scrum, as well as common software engineering practices including source control like git. I also studied project management, along with 3d graphics and real-time rendering using the OpenGL library, including shaders with GLSL and took my advance electives in artificial intelligence and cloud computing.

## HOBBIES

### Music

I have played piano for 13 years now, and have also performed for such musicals as "Miss Saigon", "Dimboola" and "One Sweet Dream". I have also performed as an accompanist to various solo musicians. This has given me a lot of experience in working in a team, and to a deadline.

### Programming

I have been programming since 2012, and have tried out a multitude of languages, engines and software tools in that time. I am constantly making small programs in my spare time, and looking at recent advances in the area, with a personal interest in C++.
